PERSONAL PROJECTS

[TuneSpace](#)

A web application where users can learn more about their favorite musical artists. Built primarily with jQuery, JavaScript, and Materialize CSS. Features basic information about a musical artist and expanded song information for each artists top songs. Our development team is continuing to work on this resource.

[Simply a Weather Dashboard](#)

A simple weather dashboard which provides users a snapshot of weather conditions for the city of their choice. Built with jQuery, JavaScript, and Materialize CSS.
